SHOWING SOME OF THE GOODS WE SELL.

PRICES in this Catalogue are those Current on the Date of Printing, and are subject to alteration.

For Goods not shown, we will be pleased to give prices required.

INFORMATION FOR COUNTRY CUSTOMERS.

This Catalogue is issued so as to assist Country Customers in making a Selection of the Newest and Best Goods, and giving them the same advantages as the residents of Melbourne.

All Country Orders are specially and promptly attended to. A large staff of expert assistants devote their Whole Time to the selecting of Goods for these Orders. Experts are also employed to see that they are carefully packed and sent away.

OUR TERMS OF BUSINESS are prompt NET CASH, and we cannot execute any order unless accompanied by a remittance to cover the cost of goods ordered, and carriage or postage when either is to be prepaid.

Remittances can be made by MONEY ORDERS, CHEQUES, BANK DRAFTS, or POSTAL NOTES. ALL POSTAL NOTES and MONEY ORDERS must be made payable to FOY & GIBSON Proprietary Ltd., COLLINGWOOD P.O. For amounts not exceeding 2s. 6d., STAMPS in sheets may be sent. Loose stamps, or stamps over 6d. each, are of no use to us, and will be returned. We strongly advise Country Customers for their own security to Register Letters containing Money or other valuables, as it is almost impossible for a registered letter to go astray in transit, and the cost is only 3d.

When goods are ordered, prices of which are not shown in our Catalogues or in our Advertisements, an allowance can be made in the remittance to cover their cost. Any balance left over will be refunded with the bills.

When Ordering give Full Name (not initials only), Postal Address, and state if Parcel is to be addressed Mr., Mrs., or Miss. When living at a distance from Railway Station or Port, give full instructions for forwarding. Mention the Name and Address of the Sender should be written on the outside of the parcel. The Goods should be addressed “FOY & GIBSON Proprietary Limited, Melbourne.” If addressed Collingwood they may be delayed at one of the stations on the Collingwood line. Our Delivery Vans are at the Melbourne terminus every day.

When Goods are Returned the Name and Address of the Sender should be written on the outside of the parcel. The Goods should be addressed “FOY & GIBSON Proprietary Limited, Melbourne.” If addressed Collingwood they may be delayed at one of the stations on the Collingwood line. Our Delivery Vans are at the Melbourne terminus every day.

Packing.—All Goods for the Country are packed carefully, free of charge, in our regular way, to meet the requirements of Rail or Road travel, and are delivered in good condition to the Railway Sheds, Spencer-street, or at the Wharves.

Special packing, or packing for export will be an extra charge.

Parcel Post.—By PARCEL POST we can send many small parcels cheaper than by Rail, and remittance sent should include Postage. Customers omitting to include postage will incur extra expense, as in such case we have no choice but to send by rail.

Our Responsibility for Damages of any kind, pilfering, &c., arises when we deliver Goods at the Railway Sheds or at the Wharves.

When Receiving Goods Customers should satisfy themselves that they are in good order and the packages intact before signing the railway receipt-book at their end. In cases where damage, etc., is suspected, we recommend customers to open packages in the presence of the Station Master.

In no garments worn by ladies is good fit so important as in Combinations; badly cut they are uncomfortable and spoil the fit of every garment worn over them; well cut they are easy and comfortable and the most satisfactory of all underwear.

Selling direct to the wearer we have learned just what is wanted in Natural Wool Garments, and special care has been taken to make them right in every detail, even down to the trimmings and buttons, and fit, shape and style are perfect.

The Softness and Elasticity make garments manufactured from it the Ideal Underwear for our variable climate, with the additional advantage that they never lose their shape or comfortable fit until completely worn out. Ideal underwear must be porous and absorbent. Our Natural Wool Underwear is noted for the high pitch of perfection to which these two points have been brought, thus giving free passage to all exhalations from the skin, a point most essential to the maintenance of good health. Another point is the tendency of woollen goods to shrink. This we have been at special pains to guard against, as every yard of our Natural Wool Web is thoroughly shrunk as soon as it leaves the weaving machine. Garments washed according to the following instructions are practically non-shrinking.

DIRECTIONS FOR WASHING.

Into two gallons of warm (not hot) soap water add one spoonful of cloudy ammonia. This will remove all grease and perspiration without rubbing. After lightly wringing, pass through two separate quantities of luke-warm water. Dry in the open air.

NOTE.—1. Don't use Hot Water. 2. Don't Rub or they will shrink.

Our Natural Wool Underwear is made in four weights, suited in every respect to the varying seasons of the year.

Sanitary Cedar Paper Felt.
SHOULD BE PLACED UNDER ALL CARPET, MATTINGS, ETC.
It is made in England of the purest materials, and is really the only Felt impervious to moths, silverfish, and other insects.
It is composed in part of cedar wood, and from this it derives its anti-insect properties. It permanently retains the cedar aroma, which is fatal to insect life. No fear of moths where cedar felt is used.
Its soft, thick substance makes the floor coverings feel much thicker and soft to the tread; it cushions and protects them from the hard, uneven flooring, and makes them last twice as long.

C56—5 feet wide - 8d. per running yard. Send for Sample.

Big Reduction on Last Year’s Prices of

GREEN BAMBOO BLINDS.

For many years these goods have been steadily reduced in price, and at the same time the quality has deteriorated, the result being that the average Bamboo Blind is a most unsatisfactory article, and a constant source of trouble and annoyance.

The conclusion we have come to is that people prefer a satisfactory substantial article, well made and put together, with cords and pulleys that would continue to work and not get jammed in the usual style. Such Blinds would of course cost more than the ordinary kind. We have placed such large orders that we have been able to import these improved blinds at a cost that will enable us to sell them at a very slight advance on the prices charged for the others.

We particularly mention as one of the advantages of these superior quality blinds the improvement of the pulleys and cords. In the old blinds the cord was constantly getting between the pulley wheel and side, or the pin coming out altogether. In our new importation this annoyance has been entirely removed, and the pulleys of our blinds are fitted with brass wheels, which are properly levelled to sides, and cannot possibly get out of order. The cords are good, the bamboo clean, and the knots in the bamboo are arranged regularly.

All Wire Mattresses and Shakedowns are made in our own factory, the timber being specially selected, straight grained, and free from knots, and close mesh heavy gauge English-made wire.
Kapok, Cotwool, Hair, and Fibre.

All Bedding manufactured in our own factories. Best Quality, Highest Finish. Good health can be maintained and poor health improved by using pure materials for bedding. We supply the best. Our value cannot be excelled.

We have discontinued using Flock, “Cotwool,” the new filling being substituted. We are supplying Cotwool Bedding in two grades. The No. 1 grade will be up to the usually high standard. The No. 2 grade will be perfectly new and clean, but will not contain such a high percentage of wool as No. 1.

No. 8502—Kapok Bed.  
See Price List below.

Note.—Buttoned Mattresses are made with side pieces, and are filled with more kapok than loose beds.

"Majestic" Rotary Washer.

Our Majestic Rotary Washing Machine is the lightest running machine on the market today. The Tub is made of seasoned Virginia white cedar, and has a flat hoop at the top, and electric welded wire hoops at the middle and bottom, sunk in grooves.

This Washer is fully corrugated on the inside only, and the steam cannot escape through the top of the machine. There is nothing on the inside to catch the clothes, and the most delicate fabric can be washed in the "Majestic" without injury.

All castings are Aluminum coated, which gives the machine a very handsome appearance, and to-day the "Majestic" is the foremost Washing Machine on the market.

The Ball Bearings and the well balanced Fly Wheel will almost make it run itself. Every "Majestic" is fully guaranteed.

The machine operates in either direction.

48/- each.

"Ball Bearing" Clothes Mangle.

Latest Improvement in Clothes Ironing.

Has Anti-Friction Ball Bearings, same as used in Bicycles. If you have not seen one, ask for it.

Rollers, 24 x 3½ inches. Articles can be mangled in considerably shorter time than it takes to finish them with the flat iron; and, as no heat is required, a mangle will soon pay its cost in the saving of labour and fuel.

Price, 25/-.

"Protector" Egg Carrier.

THERE'S MONEY IN EGGS! The difficulty is to get it without their being broken in transit.

WE CAN HELP YOU by providing at a very low rate a DELIVERY BOX ensuring minimum risk of breakage.

The "Protector" Egg Box consists of Strong Wood Frames, with Spring Steel Wire Clips, which keep each egg firmly apart from its neighbours, preventing breakage even when very roughly handled.

The "Protector" Egg Box may be packed in one-tenth usual time, without chaff or litter.

The eggs stand upright with an air space around, and therefore keep fresher longer.

No Miscounts or Claims for Shortage. The eggs stand in half-dozen rows, and can be counted instantly.

"POMONA" SPRAY PUMP.

All Working Parts of Brass.

"Pomona" Spray Pump, Fig. 557, has won for itself an enviable reputation. We unhesitatingly offer it as the best Orchard Spray Pump for mounting on barrel. Briefly stated the points of superiority are:

- All working parts brass.
- No leather packing.
- All the valves are brass, easily accessible, wing-guided on bevelled seats ground to fit.

Air chamber is steel, free from imperfections of cast iron.

Lever long and powerful, with adjustable stroke 3, 4, or 5 inch.

Solid Brass Plunger, machine turned, fitting gland accurately.

Pump is held securely by adjustable clamp plate, made to fit either end or side of barrel (our new plate will admit of inserting and withdrawing pump from barrel without removing agitator), and by a small anchor located at the bottom of barrel.

Pump projects but little above top of barrel, and it is not caught by branches in passing.

The mechanical agitator, as shown in cut, is operated by the stroke of the handle, so whenever any liquid is used it is thoroughly agitated. This style of agitator cannot be too highly recommended.

Fitted to 40 gallon vat, £5 7s. 6d.

No. 1957—Price, complete, fitted to cask, with one lead of hose, £3 15s.

"FRUITALL" SPRAY PUMP.

With Agitator.

All working parts brass.

"Fruitall" Spray Pump has all working parts brass including Plunger, Gland Valve, Valve Seats and Strainer. The Air Chamber is of Steel. Pump is held in barrel by anchor at bottom, and adjustable band at top, fitting over end of stave.

We fit this Pump regularly with our Paddle Agitator, similar to that used on our "Pomona" Pump, which has proven to be of the best type. No. 1958, £3 10/-, complete.

Revolving Stand Pump

The Most Popular Pump Made.

Suitable for Tanks, Cisterns, etc., where water has to be raised not more than 80 feet. The Cut shows the improved manner of securing the cylinder to the base by means of adjustable ears. The Pump can be swivelled round to any position desired, and can be removed for cleaning or repairs at any time without disturbing pipe connections. Cylinder, 3 in. bore; stroke, 6½ in. Fitted for ½ or 1½ in. pipe.

Fossard's Perlas, in boxes containing ten cigars, each wrapped separately. 2/3 per box.

The "TONGARD" PATENT PIPE.
The special advantage is that the tongue is guarded from contact with the nicotine. This is obtained by having a short bevel on the top of the mouthpiece and making the lower one a trifle longer. By this means the pipe cant downward a little when in the mouth and the tongue rests in the curve of lower part of the stem entirely free from contact with the bore and nicotine. Price, 1/9 each. Bent or Straight.

No. 1390 Velvety Crocodile Pouch, with clasp, lined with rubber, 4/6.
No. 1391. Companion Set of Pipes (Loewe & Co.) Silver Push Stem, Seymour and Jersey, as illustration, 22/6.
