CATALOGUE No. 43. New Series.
SHOWING SOME OF THE GOODS WE SELL.

PRICES in this Catalogue are those Current on the Date of Printing, and are subject to alteration.
For Goods not shown, we will be pleased to give prices required.

INFORMATION FOR COUNTRY CUSTOMERS.

This Catalogue is issued so as to assist Country Customers in making a Selection of the Newest and Best Goods, and giving them the same advantages as the residents of Melbourne.

All Country Orders are specially and promptly attended to. A large staff of expert assistants devote their Whole Time to the selecting of Goods for these Orders. Experts are also employed to see that they are carefully packed and sent away.

OUR TERMS OF BUSINESS are prompt NET CASH, and we cannot execute any order unless accompanied by a remittance to cover the cost of goods ordered, and carriage or postage when either is to be prepaid.

Remittances can be made by MONEY ORDERS, CHEQUES, BANK DRAFTS, or POSTAL NOTES. ALL POSTAL NOTES and MONEY ORDERS must be made payable to FOY & GIBSON Proprietary Ltd., COLLINGWOOD P.O. For amounts not exceeding 2s. 6d., STAMPS in sheets may be sent. Loose stamps, or stamps over 6d. each, are of no use to us and will be returned. We strongly advise Country Customers for their own security to Register Letters containing Money or other valuables, as it is almost impossible for a registered letter to go astray in transit, and the cost is only 3d.

When goods are ordered, prices of which are not shown in our Catalogues or in our Advertisements, an allowance can be made in the remittance to cover their cost. Any balance left over will be refunded with the bills, if desired, or placed in credit.

When Ordering GIVE FULL NAME (NOT INITIALS ONLY), Postal Address, and state if Parcel is to be addressed Mr., Mrs., or Miss. When living at a distance from Railway Station or Port, give full instructions for forwarding. Mention Amount of Remittance enclosed. Do not forget to state Size, Color, or Measurements of any Goods required.

Carriage.—WE DO NOT PAY CARRIAGE, but will prepay when desired, and add to the Bill. Postage MUST be PREPAID. Comparison of our values will at once convince all that it is false economy to pay HIGH PRICES which include SMALL RATES for carriage. OUR PRICES ARE ALL NETT.

Returns.—Any Goods not deemed satisfactory (excluding Garments specially made and materials cut off the piece) will be exchanged if returned, CARRIAGE PAID, within Seven Days.

When Goods are Returned the Name and Address of the Sender should be written on the outside of the parcel. The Goods should be addressed "FOY & GIBSON Proprietary Limited, Melbourne." If addressed Collingwood, they may be delayed at one of the Stations on the Collingwood line. Our Delivery Vans are at the Melbourne termini every day.

Packing.—All Goods for the Country are packed carefully, free of charge, in our regular way, to meet the requirements of Rail or Road travel, and are delivered in good condition to the Railway Sheds, or at the Wharves. Special packing, or packing for export will be an extra charge.

Parcel Post.—By PARCEL POST we can send many small parcels cheaper than by Rail, and remittance sent should include Postage. Customers omitting to include postage will incur extra expense, as in such case we have no choice but to send by rail.

Our Responsibility for Damages of any kind, pilfering, &c., ceases when we deliver Goods at the Railway Sheds or at the Wharves.

When Receiving Goods Customers should satisfy themselves that they are in good order and the packages intact before signing the railway receipt-book at their end. In cases where damage, &c., is suspected, we recommend customers to open packages in the presence of the Station Master.

In no garments worn by ladies is good fit so important as in Combinations; badly cut they are uncomfortable and spoil the fit of every garment worn over them; well cut they are easy and comfortable and the most satisfactory of all underwear.

Selling direct to the wearer we have learned just what is wanted in Natural Wool Garments, and special care has been taken to make them right in every detail, even down to the trimmings and buttons, and fit, shape and style are perfect.

The Softness and Elasticity make garments manufactured from it the Ideal Underwear for our variable climate, with the additional advantage that they never lose their shape or comfortable fit until completely worn out. Ideal underwear must be porous and absorbent. Our Natural Wool Underwear is noted for the high pitch of perfection to which these two points have been brought, thus giving free passage to all exhalations from the skin, a point most essential to the maintenance of good health.

Another point is the tendency of woollen goods to shrink. This we have been at special pains to guard against, as every yard of our Natural Wool Web is thoroughly shrunk as soon as it leaves the weaving machine. Garments washed according to the following instructions are practically non-shrinking.

**DIRECTIONS FOR WASHING.**

Into two gallons of warm (not hot) soap water add one spoonful of cloudy ammonia. This will remove all grease and perspiration without rubbing. After lightly wringing, pass through two separate quantities of luke-warm water. Dry in the open air.

**NOTE.**—1. Don't use Hot Water. 2. Don’t Rub or they will shrink.

Our Natural Wool Underwear is made in weights suited in every respect to the varying seasons of the year.

Our Special Department for Gentlemen’s Ready-to-Wear Tailored Suits.

Big success still attends this department, so much, so that it has induced us to keep Ready-to-Wear Tailored Suits in several different styles, three of the leading ones which are shown above. Gentlemen living at a distance can select a suit in either of the styles shown, and it will be sent by return. This is a distinct advantage, as customers get a ready-to-wear Tailored Suit at once, and at a little more than is paid for an ordinary slop made suit. Make and finish guaranteed the same as order suits.

Special Note—Blue Serges and Fine Blue Twills.—We guarantee them to be made from Pure Wool and Pure Indigo Dye, so this enables us to guarantee the keeping of the colour to the very last.

We will be pleased if customers, when visiting Melbourne will call and leave their measure with us. This does not place them under obligation to us, but will be of great assistance if at any time they should favour us with an order for a suit.

We will be pleased to forward Patterns at any time for their selection.
On this page we give illustrations and prices of Gentlemen's Clothing for Immediate Wear. By our system and the splendid facilities we have in our Factories we are enabled to supply Ready Made Clothing equal to most "Made to Order Goods," at about half the price.

Sanitary Cedar Paper Felt.
Should be placed under all Carpets, Mattings, etc.
It is made in England of the purest materials, and is really the Only Felt impervious to moth, silverfish and other insects.
It is composed in parts of cedar wood, and from this it derives its anti-insect properties. It permanently retains the cedar aroma, which is fatal to insect life. No fear of moth where cedar felt is used.
Its soft thick substance makes the floor covering feel much thicker and soft to the tread, it cushions and protects them from the hard uneven flooring, and makes them last twice as long.

WHAT IS THIS?

It is the full width of lath in the Improved Bamboo Verandah Blind.

This is portion of a lath out of the Improved Bamboo Blind. It is half an inch wide. It is a Stronger Blind, it is a Closer Blind, and the Best Blind ever imported into Melbourne.

(Please turn over for PRICES.)

After many years handling Bamboo Blinds, we have come to the conclusion that our Customers are willing to pay for the best article that can be produced in that direction. Such a Blind has now been made for us that will answer all the requirements—for shading a verandah, for sleeping out, for strength and beauty. Most important of all, we can sell this Very Special Blind at a very small advance on the inferior blinds which have been on the Melbourne market for many years.

The great improvements we have had made are:

1st. The extra width and thickness of the lath, viz., half an inch wide. Skin quality.
2nd. Strong cotton-glazed cord.
3rd. Brass pulley wheels, and superior cords to anything ever put into blinds in previous years.

The NEW BLIND has THREE TIMES the DURABILITY of the OLD.

"See How They Run."
Buy Wire Guide Lines and Fix as above.
**VERANDAH BLINDS OF EVERY DESCRIPTION.**

**BAMBOO BLINDS,** are fitted with Superior Cords and **BRASS PULLEY WHEELS**

**DUCK BLINDS.**

**STRIPED TICKING BLINDS.** are fixed to lath at top and heavy roller at foot; the other fittings are 1 pair strong Leather Straps, 1 Double and Single Pulley, 1 Cleat, 4 Breeching Staples, Screws, Screw Eyes, and from 12 to 24 yards Sash Line.

Stock Sizes are as follows, but we can make Special Sized Blinds at proportional Cost.

BEDDING.
KAPOK, COTWOOL, HAIR, AND FIBRE.

All Bedding manufactured in our own factories. Best Quality, Highest Finish. Good health can be maintained and poor health improved by using pure materials for bedding. We supply the best. Our value cannot be excelled.

We have discontinued using Flock. "Cotwool," the new filling being substituted. We are supplying Cotwool Bedding in two grades. The No. 1 grade will be up to the usually high standard. The No. 2 grade will be perfectly new and clean, but will not contain such a high percentage of wool as No. 1.

**Bedding Price List.**

**Note.—** Buttoned Mattresses are made with side pieces, and filled with more kapok than loose beds.

When ordering Bedding, please state width of Mattress required.

HOUSEHOLD BALL BEARING CLOTHES MANGLE.

Latest Improvement in Clothes Ironing. Has Anti-Friction Ball Bearings, same as used in bicycles. If you have not seen one, ask for it. Rollers 24 x 3½ins. Articles can be mangled in considerably shorter time than it takes to finish them with the flat iron; and, as no heat is required, a mangle will soon pay its cost in the saving of labour and fuel. Price, 30/-

DALLI BOX IRON.

Double the work in half the time. The "Dalli" Box Iron gives intense and uninterrupted heat, all the labour is saved of taking the Iron to and from the stove, and as the Iron never loses its heat, it need not be passed over the linen so often, like the old fashioned Iron; a vast amount of muscular energy is thereby saved.

Ready for use in a few minutes. By using the grid given with each Iron according to the directions for use, the fuel blocks are ignited in a few minutes, and the Iron gets hot at the same time.

The dimensions and weight are those of an ordinary household Box Iron. Length, 8in.; width, 4in.; weight, 6lbs. The directions for use are attached to the handle of each Iron. The handling of the Iron is so easy and simple after the first time that a child can understand it. Price of Iron, 6/6. Fuel in boxes, 240 blocks, 2/5

UNIQUE CAST-IRON COPPER FRAMES

Are a Special Boon to Dairymen and Farmers by reason of their Portability and General Usefulness.

DIRECTIONS:

To ensure the best results from these Frames, it is advisable to keep the inside elbow free from soot, and always clean the ashes out of the bottom after using, in order not to check the draft.

When too much draught, regulate with damper at side of elbow.

It is most economical to buy, as it costs less than a brick furnace, and wears longer. Being constructed on scientific and up-to-date principles. None of the heat is wasted, consequently this furnace uses less firing, and boils more water in less time than any other frame made.

It is constructed to burn either coal or wood, and by use of the Patent Drop Door in front, firewood up to 2ft. long may be used. It is made of extra heavy cast iron.

SAFETY RAZOR

No Blade so Keen—No Shave so Clean—As with the new "Valet" Auto-Strop Blades.

For years the steel and cutlery experts of Britain, Sweden and America have concentrated their attention on improving Auto Strop Safety Razor Blades, and the present product is the culmination of their efforts.

No blades have ever been made before with such skill and care, nor tested so rigorously.

It is our honest conviction that these new "Valet" blades provide the highest possible shaving comfort and satisfaction.

**NEW UNION SCALES.**

**"White Mountain" Apple Corer, Parer and Slicer.**
No. 4045—2/6.

**"Dandy" Apple Paring, Coring and Slicing Machine.**
Three turns of the crank pares and cores an apple and places the machine in position for another. It takes a very thin paring, and a small core, thereby producing more dried fruit per bushel than most machines. The paring, coring and slicing are each performed by separate knives, thus, any of these operations can be omitted if desired.
No. 4045—50/-.

The special advantages of this drill are that it will not only sow evenly in the drills, but also drop in hills at 4, 6, 8, 12, or 24 inches apart whilst they can be thrown out of gear instantly by moving a convenient lever, or the flow of seed may be instantly stopped by simply pushing down the feed rod. Will cover and roll down, light or heavy, at will, and mark the next row at any needed distance. Will sow any size seed. Price, £3/1/-.
