COUNTRY DELIVERY.

FURNISHING ORDERS may be delivered by our own Motor Vans (provided the roads are good), from our Warehouses to the doors of customers' houses direct.

PURCHASE CARDS.

For the convenience of Customers personally patronising our Warehouses, we have designed special Purchase Cards.

These Cards enable Customers buying in more sections than one, to save time and trouble entailed in paying at each department, BY MAKING ONE PAYMENT FOR ALL GOODS AT THE CARD OFFICE. Delivery in one lot is thus ensured.

Ask for a Purchase Card—they are obtainable at the Card Office, near the entrance to each Warehouse.

IMPORTANT NOTICE.

We regret to announce that unsettled Markets and scarcity of supplies compels us to again intimate the possible necessary alteration of some prices during the currency of this Catalogue.

The state of the market for Groceries and Provisions has been rendered so unsteady that prices of such commodities have been omitted from our lists altogether.

Our stocks of every class of goods will be maintained with all possible diligence, and customers may rely upon obtaining their requirements at the very lowest prices current at the time.

SMITH STREET, COLLINGWOOD & FITZROY.
DRESS MATERIAL.

On this page we quote a long list of Dress Materials, also Linings. On page 3 we quote a list of Cotton Dress Goods, Silks in Black and Colors, Velvets and Velveteens.

Customers who wish to buy any of these goods, and who desire to see patterns, should state very clearly what class of goods they require, so that we may send patterns.

We frequently receive letters asking us to send patterns of all Dress material, and they do not state price. It is very manifest that, when asking us to send patterns and price of materials, if they do not give any description and we do not know what kind they really want, it is impossible for us to fulfil their request.

In order to give satisfaction and to save time to Customers, and expense and waste of material to us, it would be much better if they would study this list before sending their orders, and state what kind of goods they require.

There is a scarcity of Dress Materials at present, and since these pages were compiled we have sold out of many lines, and all the manufacturers are in arrears, so when Customers have received patterns they should send their order per return, as we may be sold out of the material desired.

When ordering, it is as well to make first and second choice, also when you receive patterns to make your choice and return the others. This will ensure you getting the material ordered, and ensure prompt despatch.

SPECIAL NOTICE TO COUNTRY CUSTOMERS.

The Hosiery Mills are far in arrears with their orders, and the quantity they make is not nearly sufficient to supply the ever-increasing desire for Gibsonia Hosiery.

For a long time past we have had to limit the sale to two pairs, but, even with that limitation, the orders received from the country alone are more than the Mills can make, so we now have to reserve the proportion of Hosiery allotted to country orders strictly for regular country customers who send substantial orders for other goods at the same time.

Even with this further limitation it will not be possible to supply all our regular country customers who send general orders. We can only supply them as far as the limited quantities will permit, and it is probable that there may have to be a further limitation to one pair, so that as many as possible may get the benefit of Gibsonia Hosiery.

DIRECTIONS FOR WASHING
Gibsonia's Natural Wool Underwear.

Into two Gallons of Warm (not hot) Soap Water put one Tablespoonful of Cloudy Ammonia. This will remove all Grease and Perspiration without rubbing. After lightly wringing, pass through two separate quantities of Lukewarm Water. Dry at once in the open air. When nearly dry stretch out to full size and iron.

- No. 1. Don't use Hot Water.
- No. 2. Don't Rub, Rubbing causes Felting.
- No. 3. Don't allow Garments to lie about wet.

FOY & GIBSON PTY. LTD., SMITH ST., COLLINGWOOD AND FITZROY
Manufactured entirely in our "Gibsonia" Mills in Collingwood.

The "GIBSONIA" FLANNELS are made under the same careful supervision and by the same expert workers as the Blankets, and in their case also all the processes are done in our own Mills. Our Flannels are all wool; we sell none with any mixture of cotton. In past years, some people used to prefer Flannels with a mixture of Cotton, as they thought they were smoother to the skin, but "Gibsonia" All-Wool Flannels are very smooth and beautifully finished, and they are suitable for the most delicate skin, and they are splendid wearing. We have 12 different grades of Flannel, as listed below—providing for every possible want, and patterns and prices will be sent when desired. It will be of assistance to us if you will mention the kind of Flannel you desire when ordering.

FOY & GIBSON PTY. LTD., SMITH ST., COLLINGWOOD AND FITZROY
“GIBSONIA” BLANKETS.

“GIBSONIA” BLANKETS are made entirely in the “Gibsonia” Mills, founded by Mr. William Gibson, one of the pioneers in this great industry. Every process that goes to the making of Blankets is done in our own mills. We begin with the wool as it comes from the sheep’s back, buying the finest and most suitable Wools grown in Australia, and the sorting, scouring, carding, spinning and finishing are done entirely in our mills by a great staff of expert workers, under the close and continued supervision of expert foremen and forewomen, managers and superintendents, and as a result of their united labors, the “Gibsonia” Blankets are the finest made in any part of the world. This is a big claim, but it is justified. Owing to the uncertainty of wages and hours of labor, it is not possible for us to give catalogue prices for Blankets, but we will be pleased to give full particulars and prices when desired.

When writing, please say which grades and sizes you want, so as to enable us to send prices.

KAPOK, COTWOOL, HAIR AND FIBRE.

All Bedding is manufactured in our own factories. Best Quality, Highest Finish. Good health can be maintained and poor health improved by using pure materials for bedding.

We supply the best. Our value cannot be excelled.

Special Notice.—Owing to the impure nature of Flock we have now discontinued its use and have substituted “Cotwool,” the new hygienic filling, which is composed of new cotton and wool materials only. We will send samples post free.

THE WEAVE.

The "DIXIE" represents the ideal in Grass Rugs. Only well-seasoned, selected grass, of long and tough fibre, is used, and this is twisted into a grass yarn of extraordinary durability.

THE FINISH.

Although sturdy and strong, the "DIXIE" Rug has a smooth finish, which is one of its most desirable characteristics. The surface has a fine even appearance not found in rugs of this character.

DEPTH OF COLORINGS.

The colors are of such a nature that they permeate deeply into the grass yarn when applied, a fact that adds greatly to the life of the pattern and colorings.

NO BINDER THREADS NEEDED.

No diagonal binder threads are needed to hold it together, as in the case of ordinary rugs made of twisted grass.

Rugs are bound on all sides, but not fringed.

All sizes are seamless.

GENERAL APPEARANCE.

In appearance the "DIXIE" Rug leaves absolutely nothing to be desired. Of all the grass rugs on the market there is none that excels the "DIXIE" in the beauty of pattern, the clean centres, the smoothness of finish, attractiveness of the colors, and the excellence of the grass used.

COMPARISON INVITED.

Compare them side by side with any other rug of the same kind, and observe how the "DIXIE" outstrips them all.

CAST IRON COPPER FRAMES.

Are a special boon to Dairymen and Farmers by reason of their portability and general usefulness. It is the most economical to buy, as it costs less than a brick furnace, and wears longer. It is constructed on scientific and up-to-date principles. None of the heat is wasted, consequently this furnace gets less firing and boils water in less time than any other frame made. It is constructed to burn either wood or coal and by use of the patent drop door in front, firewood up to 2 ft. long may be used. It is made of extra heavy cast iron.

For years the steel and cutlery experts of Britain, Sweden and America have concentrated their attention on improving Auto-Strop Safety Razor Blades, and the present product is the culmination of their efforts. No blades have ever been made before with such skill and care, nor tested so rigorously. It is our honest conviction that these new "Valet" Auto-Strop Blades provide the highest possible shaving comfort and satisfaction.
