GENERAL INFORMATION FOR CUSTOMERS.

WHEN ORDERING—Give full name (not initials only), postal address, and state whether Mr., Mrs., or Miss. When residing at a distance from the station or port, give instructions for forwarding; and state clearly the size, color or other particulars of all goods required. In cases where the articles needed are not shown or priced in our catalogues or advertisements, an allowance to cover their cost may be made in the remittance. Any balance left over will be returned with the bills, or placed on credit, as desired.

OUR TERMS OF BUSINESS are prompt net cash; a remittance covering cost of goods should therefore accompany the order. Always mention amount of remittance sent.

REMITTANCES may be made by money orders, cheques, bank drafts or postal notes. Postal notes and money orders should be made payable to FOY & GIBSON Pty. Ltd., COLLINGWOOD P.O. For amounts not exceeding 2/6, stamps in sheets may be sent. Loose stamps, or stamps over 6d. each, we cannot accept. Letters containing money or other values should be registered as security against loss. The cost of registration is only 3d.

CARRIAGE CHARGES—We do not pay carriage. Comparison of our values will at once convince all that it is false economy to pay higher prices, which include carriage rates. Our prices are all net. Postage should therefore be included with the order, or carriage when it is to be prepaid. Customers should include carriage on all goods for despatch by passenger train, otherwise the Railway Commissioners charge, included with the order, or carriage when it is to be prepaid.

When returning goods, write your name and address on the outside of the parcel and address to:

"FOY & GIBSON PTY. LTD., MELBOURNE."

Our motor cars are at the Melbourne railway sheds every day.

THE RAILWAYS will not be responsible for loss, delay, or damage, on any class of goods consigned or addressed to sidings. Goods sent to sidings must be carriage prepaid.

PREPAID STATIONS.—At all stations where a lady is in charge, all goods must be carriage paid, and we request our customers to add an amount to cover freight when remitting; any excess will be refunded.

PACKING & DESPATCH.—All goods for despatch are packed carefully in our regular way, and delivered in good condition to the railway sheds or the wharves. Our responsibility of every kind then ceases.

Special packing is an extra charge. Goods of a heavy or breakable nature, which the railways will not accept for despatch except at owner's risk, are specially packed by us to avoid damage. We make an extra charge to cover cost of same.

WHEN RECEIVING GOODS—Customers should satisfy themselves that they are in good order before signing the railway receipt book. In instances where damage, etc., is suspected, the packages should be examined in the presence of the railway officials.

RETURNS.—We exchange goods not satisfactory, if returned to us, carriage paid, within seven days. Millinery, garments made specially, and materials cut from the piece are not exchangeable.

The Fascination of Rug Making.

A HOBBY THAT IS REALLY USEFUL.

Rug-making is a delightfully fascinating and practical pastime, and quite artistic rugs can be made at home, at a low cost. See our diagrams, showing how easy it is, and, at the same time, add comfort to your home. Gibsonia Rug Wool, a specially thick make, is the best to use. A mat, say, 18 inches wide, and about a yard long, would require about 3lbs. of wool. In order to cut the wool into equal lengths, we give you, free, one of our gauges. Wind the wool carefully round the gauge, covering the wool once only, cut through with a sharp pair of scissors, and you have the wool the correct lengths and of equal size. Before drawing the wool through the canvas, double each length exactly in half, so that the pile of the completed rug will be quite even. If this is not done, extra clipping will be necessary to form a nice even surface. A solid one-color centre, with a wide border of a darker shade, makes a very useful rug; and, if necessary, an all-over pattern can be made according to your designings. We also have several designs showing you how easy it is, and, at the same time, add comfort to your home. Gibsonia Rug Canvas, double each length exactly in half, so that the pile of the completed rug will be quite even.

It is best to have the work flat on a table, with the canvas straight in front of you, and to choose from, the price being 6d. and 9d. each. Manufactured entirely in our “Gibsonia” Mills in Collingwood.

The “GIBSONIA” FLANNELS are made under the same careful supervision and by the same expert workers as the Blankets, and in their case also all the processes are done in our own Mills. Our Flannels are all wool; we sell none with any mixture of cotton. In past years, some people used to prefer Flannels with a mixture of Cotton, as they thought they were smoother to the skin, but “Gibsonia” All-Wool Flannels are very smooth and beautifully finished, they are suitable for the most delicate skin, and are splendid wearing. We have 13 different grades of Flannel, as listed below—providing for every possible want, and patterns and prices will be sent when desired.

It will be of assistance to us if you will mention the kind of Flannel you desire when ordering.
