General Information for our Customers.

OUR TERMS OF BUSINESS are prompt NET CASH; a remittance covering cost of goods should, therefore, accompany the order to avoid delay.

WHEN ORDERING, give full name (not initials only), Postal Address, and state whether Mr., Mrs. or Miss. When residing at a distance from the station or port, give instructions for forwarding. Always mention amount of remittance sent, and do not overlook to state clearly the Size, Colour or other particulars of all Goods required.

In cases where the Articles needed are not shown or priced in our Catalogues or Advertisements, an allowance to cover their cost may be made in the remittance. Any balance left over will be returned with the bills, or placed on credit, as desired.

REMITTANCES may be made by MONEY ORDERS, POSTAL NOTES and MONEY ORDERS should be made payable to FOY & GIBSON Proprietary Ltd., COLLINGWOOD P.O. For amounts not exceeding 2/6, STAMPS should be used, or stamps over 6d. each, we cannot accept. Letters containing money or other valuables should always be registered, as it is the only means by which security against loss can be achieved. The cost of registration is only 3d.

CARRIAGE CHARGES.—We do not pay carriage. Comparison of our Values will at once convince all that it is false economy to pay higher prices which include carriage rates. OUR PRICES ARE ALL NET. Postage should therefore be included with the order, or carriage when it is to be prepaid. Customers should include carriage on all goods for despatch by passenger train, otherwise the Railway Commissioners charge 25 per cent. over and above the ordinary rates. Packages under 1 lb. weight are frequently delayed. Our Motor Cars are at the nearest station in future.

Customers are informed that the Railways will not be responsible for loss, delay, or damage on any class of goods consigned or addressed to SIDINGS, and must be CARRIAGE PAID. Please address and take delivery at nearest station in future.

Also at all stations where a lady is in charge, all goods must be carriage paid, and we request our customers to add an amount to cover freight when remitting. Any excess will be refunded.

PACKING.—All Goods for despatch are packed carefully in our regular way, to meet the requirements of travel, and are delivered in good condition to the Railway Sheds, or the Wharves, AT WHICH POINT OUR RESPONSIBILITY OF EVERY KIND CEASES. Goods of a heavy or breakable nature which the Railways will not accept for despatch, except at owner's risk, are packed by us to avoid damage. We make an extra charge to cover cost of same. Special Packing for export will be an extra charge.

WHEN RECEIVING GOODS, Customers should satisfy themselves that they are in good order before signing the railway receipt book. In instances where damage, etc., is suspected, the packages should be examined in the presence of the Railway Officials.

RETURNS.—We are quite willing to exchange any goods not deemed satisfactory, if returned to us carriage paid within Seven Days. Millinery, Garments made specially, and Materials cut from the piece are exceptions to this undertaking.

WHEN RETURNING GOODS, always write the Name and Address of the Sender on the outside of the Parcel. Address: "FOY & GIBSON PROPRIETARY LIMITED, MELBOURNE." When addressed to Collingwood, they are frequently delayed. Our Motor Cars are at the Melbourne Terminus every day.

Fascinating Rug Making with "Gibsonia" Wools.

Rug-making is fascinating and practical. Artistic rugs can be made at home at low cost. Diagrams show how easy it is. "Gibsonia" Rug Wool, a specially thick make, is the best to use. A mat, say, 18 inches wide, and about a yard long, requires about 3 lbs. of wool. In order to cut the wool into equal lengths, we give you, free, one of our gauges. Wind the wool carefully round the gauge, covering the wood once only, cut through with sharp pair of scissors, and you have the wool in correct lengths and of equal size. Before drawing wool through the canvas, double each length exactly in half, so that the pile of the completed rug will be quite even. If this is not done, extra clipping will be necessary to form a nice even surface. A solid one-color centre, with a wide border of a darker shade, makes a very useful rug; and, if necessary, a decorative pattern can be made according to your designings. We also have several designs to choose from, the price being 9d. and 9d. each. Work flat on a table with canvas straight in front of you, and the wool, gauge, scissors and coarse rug hook all at hand. Work in rows from left to right, so that the border and pattern are worked together. When rug is finished, rough or stray ends can be clipped even. When finished, brush the rug well with a soft brush, remove any surplus fluffs. Then, to finish the rug, it is best to line it with a thin felt, or any serviceable material, this lent them wear of the rug. Illustrations show how simple the stitch is made.

"GIBSONIA" ALL WOOL FLANNELS.

Manufactured entirely in our "Gibsonia" Mills in Collingwood.

The "GIBSONIA" FLANNELS are made under the same careful supervision and by the same expert workers as the Blankets, and in their case also all the processes are done in our own Mills. Our Flannels are all wool; we sell none with any mixture of cotton. In past years, some people used to prefer Flannels with a mixture of Cotton, as they thought they were smoother to the skin, but "Gibsonia" All-Wool Flannels are very smooth and beautifully finished, they are suitable for the most delicate skin, and are splendid wearing. We have 13 different grades of Flannel, as listed below—providing for every possible want, and patterns and prices will be sent when desired. It will be of assistance to us if you will mention the kind of Flannel you desire when ordering.

How often one notices upon entering a room that there is a "something" that upsets the balance and harmony of the furnishing—that "something" is nine times out of ten the Mantelpiece.

The design of each Mantelpiece here shown will blend pleasantly with the furnishing styles of today, and, by selecting any one for your home, you will immediately give to each room that symmetry of tone which appeals to the eyes and tastes of every visitor.

By being manufactured in Our Own Factory the Cost is consequently the Lowest.
THE timbers used have been selected from areas that are free from borers, white ants and other pests.

Next this timber is stacked in our special seasoning racks until it has reached perfection in dryness and maturity.

Then in the making, only those pieces which show beauty of grain and thorough soundness are used, and most exacting, minute care is given to every step of the manufacture.

Every Mantelpiece is highly polished, and the Natural Grain is shown in all its Beauty.

The Choice is in Blackwood or Hardwood.

Below, in a much reduced picture, is shown a panoramic view of the extensiveness of mills required to cope with the demand for "Gibsonia" made products.

For two whole miles these mills extend, and within the walls of each and every section a busy scene of painstaking workpeople attending to modern machinery is witnessed—daily the ever constant energetic buzz, buzz, buzz that greets the ear tells of immense activity and enormous production.

"Gibsonia" products are the result of finest and purest Australian wools—plus a close, strict attention by skilful operators who have been specially chosen and trained to the highest degree of workmanship—"Gibsonia" products maintain a standard of perfection that is impossible to excel—a perfection that assures supreme comfort and unequalled service.
