Best Hygienic Bedding, Wire Mattresses, Camp Beds

Considering the very important part bedding plays in the health of the community it is necessary that Mattresses of all kinds should be made from the purest materials and under perfect hygienic conditions. All our Bedding is made in our own Factory by workmen of wide experience, and neither care nor expense is spared in our endeavour to produce the best possible article.

The three principal fillings used in the manufacture of Bedding, viz., Hair, Hygienic Wool and Kapok, are of the finest grade procurable. Horse-hair, Black and Grey, thoroughly sterilized and enclosed in Linen Ticking, makes a perfect Mattress for those who like a fairly hard bed.

Kapok—The cuttings from new garments containing Cotton and Wool, teased into nice fleecy down, makes a splendid filling for Mattresses, Pillows, Cushions, etc.
