Foreword.

Our Letter Order Business is conducted on the basis of Customers sending Money with Order, which is the simplest and best of all methods of transacting business. On this basis, the Shopper by Letter Order is on exactly the same footing as those who shop over the counter in the city.

It will be seen that, when Cash accompanies Orders, many unnecessary expenses are obviated.

Letter Order Customers, therefore, benefit considerably by lower cost of selling. Remember, therefore — always send Cash with Order.

CATALOGUE No. 81

Showing some of the goods we sell.

This catalogue is intended to enable country customers to select goods almost as well as if they came in person to buy.

This catalogue shows a fine variety of goods, but we sell many more. For articles not shown, we will be pleased to send prices and information.

Prices in the catalogue are those current when printed, and are subject to alteration.

Information for Country Customers

All country orders are attended to by an experienced staff, who choose the best goods on behalf of customers, and send them off promptly.

Name and number of article should be given when ordering, also all particulars necessary to send correct goods; when ordering materials, give color and width; when ordering garments, give measurements required, and when ordering boots and shoes, state sizes.

When goods are ordered, prices of which are not shown in catalogue or advertisement, an amount should be added to the remittance. Any balance will be refunded with the letters.

Customers who wish to get goods advertised, should send order immediately, as goods advertised sell out quickly. When goods are ordered from advertisement, full advertised number should be given.

Approval.—We do not send goods on approval.

Exchange of Goods.—We endeavour to send the right goods to all. That is largely dependent on customers sending complete information as to what they require. On any occasion when exchange is desired, reason should be sent why exchange is desired, and parcel should be sent addressed, carriage paid, FOY AND GIBSON PTY. LTD., SPENCER STREET, MELBOURNE. Goods sent to us should have the sender's name clearly marked on parcel. Garments specially made, materials cut off, and millinery are not exchangeable.

Packing and Delivery.—All goods for country customers are packed carefully, free of charge, in our regular way, to meet the requirements of rail or road travel. We deliver packages safely to railway sheds, at the wharves or to country carriers, and our responsibility then ceases.

Rail Transit or Post.—We recommend rail transit wherever possible, as the Railways take responsibility for delivery, whereas the Post Office do not.

For places in New South Wales or South Australia, we allow freight on parcels to the border. On parcels sent by post to other States, we pay Victorian postage and charge only the interstate extra postage.

Receipt of Goods.—Customers should satisfy themselves that packages are in good order before signing railway receipt book at their end. If damage is suspected, we recommend customers to open the package in the presence of the station master.

Breakable Goods—Glass, Chinaware, etc.—The railways charge extra freight, otherwise they will not be responsible. Customers when ordering such goods, please say whether they desire extra rate to be paid, otherwise they take full responsibility themselves.

Low Prices for Good Quality Articles.—Our business is based on the lowest possible prices for goods of reliable quality. People who order from us get the highest possible value, honourable dealing, and reliable goods.

TERMS OF BUSINESS.

Our terms of business are nett cash, which is one of the reasons why we give such excellent value.

Remittance should be sent with order to cover the goods ordered.

Sending money with order is similar to paying cash at the counter, and enables the business to be completed by two letters, one from customer, sending order and money, and one from us, sending bills and advice of despatch, and any balance there may be.

Remittances can be sent by Money Order, which is the safest method; also by Cheque and Postal Notes.

For amounts under 2/6, stamps in sheet may be sent; loose stamps should not be sent.

Letters containing money should be registered for safety; cost is only 3d.

Give full name, not initials only, when ordering, and so prevent accounts being confused with others of the same surname; say whether Mr., Mrs. or Miss. Also give both postal address and railway address.

We pay freight or postage on Drapery goods and Wearing Apparel to places within Victoria. We reserve the choice of sending by post or rail, whichever is cheaper.

**SMITH STREET FOY & GIBSON Pty Ltd**

**BOURKE STREET MELBOURNE**
Hosiery, Gloves and Handkerchiefs for the new season are of a daintiness hitherto undreamt of!

STYLE and Service bound together can give women of to-day Hosiery that is smart in every detail, and which possesses the strength necessary for sound, dependable wear—and when thinking of Hosiery, the name "Gibsonia" immediately comes to mind, for it is "Gibsonia" Hose which is known from one end of the Commonwealth to the other. These are made in Foy & Gibson's Mills of best quality wool yarn, and fulfil the requirements of those who seek the warmth and long-wearing features of Woollen Hosiery.

Hosiery of a silky nature is also a Foy & Gibson Specialty, and the "Artofoy" Brands, which are exclusive, have now become firmly established with those who seek the effects which this class of Hosiery imparts. "Artofoy" Hosiery is made in all the fashionable colors and service weights, and, whether you buy at the lower or the higher price, service is assured.

Gloves are wonderful this season, and the favored ones will be those of fabric and skin. The leading English and Continental makers are represented; designs and colorings are delightfully fascinating. On page opposite will be found descriptions of the smartest styles.

The ever-necessary Handkerchief is represented in a wide and pleasing variety at Foy & Gibson's. From England and Ireland come lovely Linen Handkerchiefs, in plain and fancy effects, and from Switzerland come the fancy-embroidered and lace-edge Handkerchiefs. These are in pretty boxes, containing three or six, and are ready for gift-giving.

Manchester Department.

For many years Foy and Gibson have held a reputation second to none for their Manchester and Furnishing Goods. They have always supplied the highest grade quality lines at a minimum price. Blankets, Travelling Rugs and Flannels are made in our own Mills in Melbourne, and are supplied to you direct, thus saving the middleman’s profit, and consequently you get the benefit of that big saving.

In Calico, Sheetings, Flannelette, Table Linen, Bed Ticking, Curtain Nets and Window Holland, which are not made in the Commonwealth, and have necessarily to be imported, but owing to the huge quantity required to supply our six big stores, we are able to purchase at a much lower figure than most stores, and this saving is also passed on to you. We recommend to your notice the lines offered in the following pages, and can assure you that the famous slogan: “Foy’s Quality,” is still being supplied.

What to do in the event of Accident.

The first thing to do in case of sudden accident is to send for a physician; in all cases, carry out the "first aid" treatment described below.

**INSECT AND BEE STINGS.**—Apply weak ammonia, oil of bitter almonds, or olive oil to the wound. The first thing to do in case of a bee sting is to remove the sting with a needle or pin. In severe cases, apply friction to the body, and to the head and feet. Bathe the affected part with linseed oil, plain or mixed with chalk or whiting. Flour; cotton or butter will answer the purpose. Wring as dry as possible, and dry quickly in the open air.

**PYRAMIS.**—Apply warm liniment of arnica on flannel, or balm with witch hazel. Bathing the injury in very hot water is good.

**BURNS AND SCALDS.**—Cover with cooling soda, and lay on wet cloths. Apply white of eggs and olive oil, or olive or linseed oil, plain or mixed with chalk or whiting. Flour; cotton or butter will answer the purpose.

**CINDERS IN THE EYE.**—Roll soft paper up like a lamp lighter, and wet tip with water, using it to remove cinder, or use a dropper to draw it out.

**CONVULSIONS.**—Loosen the clothing, and give full opportunity for free breathing. To avoid injury to the tongue, pry the jaws apart and insert a twisted napkin or towel. Babies can be quickly placed in a tub of hot water, to which several tablespoonfuls of mustard have been added.

**CUTS.**—If an artery is severed, as indicated by spurts of blood, tie clothing tightly above the wound (tie handkerchief above wound, intestines tied snugly down the sides of the body). If a vein, as indicated by a slow, uniform flow of blood, tie the clothing above the wound. Bathe with equal parts of water and peroxide of hydrogen. Bind with clean bandage, or apply adhesive plaster.

**PAINTING.**—Place flat on back and loosen clothing; cold water to face; ammonia, or salt, may be held under the nose. Keep the feet warm, and place them as low as the rest of the body.

**APOPLEXY.**—Raise the head, apply ice or cold water to it; loosen the clothing.

**BONES IN THE THROAT.**—If impossible to remove with the fingers, try to cut out piece of scarified, or a hairpin, straightened out, and bent at one end. Insert to the end of the bone, and twist with stick until bleeding stops; if a vein, as indicated by a slow, uniform flow of blood, bind with clothes above the wound. Bathe with equal parts of water and peroxide of hydrogen. Bind with clean bandage, or apply adhesive plaster.

**APPOLEYX.**—Raise the head, apply ice or cold water to it; loosen the clothing.

**HEAT PROSTRATION.**—Place on back with the head level with body; loosen clothing. Apply heat to the body, and keep feet cool. Bath the face with warm water. Don't give alcoholic stimulants.

**SUNSTROKE.**—Remove patient to shady place, and use cold water to thoroughly remove soap, and twice

**DIRTIONS FOR WASHING.**

**"Gibsonia" Bleached Woollen Cloth and Blankets.**

1. Steep goods in warm water, WITHOUT SOAP, twice (separate quantities) for 15 minutes each time. This will remove the bleeding chemicals, a small portion of which always remains in the wool.

2. Then wash, by SQUEEZING or PRESSING with fresh soap suuds, made with warm water, and a good soap. Rinse well in clean, warm water to thoroughly remove soap, and twice afterwards in cold water (separate quantities), to prevent shrinking. In washing, always be careful to avoid rubbing.

Directions No. 1 is only necessary for first washing of bleached woolens. For second and subsequent washings, Direction No. 2 is all that is required.

Note carefully—1. Don't rub goods.

2. Don't use hot water.

3. Don't use common soap.

If above instructions are carefully followed, "Gibsonia" white woolen goods will never lose their pure appearance, and their durability will be greatly increased.

By adopting 12ft. Linoleums as your floor coverings you are making a very wise choice indeed; the advantages are several, and in all modern homes it is always the 12ft. widths that are chosen. In the first instance those unsightly markings and uneven matchings down or across the room are avoided, then there is no unnecessary cutting, and you will always find that the 12ft. Linoleums remain flat for all time.

The 12ft. Linoleums shown on this page are but a few of the many patterns now at Foy and Gibson’s. Should, by chance, the design in color you seek be not mentioned, please write and explain the colorings required, and we will forward patterns. All Linoleums illustrated here and carried in stock are made by reputable British manufacturers, who are renowned for producing sound, dependable quality.

12418. The "Moweesi" Lawn Mower.

Here is an excellent Lawn Mower that is praised by hundreds of satisfied owners. The ease with which it enables them to mow the thickest grass is a revelation. The "Moweesi" runs on ball bearings; it is of sound construction—a triumph of British engineers—and every part is well made and of best material. Adjustments are exact to a fraction, and a "Moweesi" on your front lawn is a sign of sound judgment and good taste. Cut your lawn with a "Moweesi," and the five sharp blades cut any grass evenly and better. Foy and Gibson's Price, 49/6.

12419. "Homeland" Lawn Mower, made in Foy and Gibson's engineering workshops. A fast, clean-cutting mower for any grass lawn. High driving wheels, perfect adjustment, and keenly sharpened steel blades. 12 or 14-inch, with five blades, and all parts replaceable whenever the necessity arises. 12 inch Price: 59/-.

Ceylon’s Finest Teas at Foy and Gibsons.

The value of Tea lies entirely in its flavour and its power to put fresh vigour into the human body. This is exactly what the excellent blends of Tea sold by Foy & Gibson do. It is a luxury, but not an expensive one. It is specially selected from the finest Tea Gardens in the world, and only experts are allowed to blend the leaf. We have no hesitation in adding “Kantabeata” Tea to the already enormous list of “Foy’s Value,” which is recognised Australia over as being the highest recommendation that can be given to any line of goods offering.

Directions for Washing

“Gibsonia” Bleached Woollen Cloth and Blankets
(First Time)

1. Steep goods in warm water WITHOUT SOAP twice (separate quantities) for 15 minutes each time. This will remove the bleaching chemicals, a small portion of which always remains in the wool.

2. Then wash, by SQUEEZING or PRESSING, with fresh soap suds made with warm water and a good soap. Rinse well in clean, warm water to thoroughly remove soap, and twice afterwards in cold water (separate quantities) to prevent shrinkage. In washing, always be careful to avoid rubbing.

Wring as dry as possible, and dry quickly in the open air.

Direction No. 1 is only necessary for first washing of bleached woollens. For second and subsequent washings, Direction No. 2 is all that is required.

Note carefully—1. Don’t rub Goods.
2. Don’t use Hot Water.
3. Don’t use Common Soap.

If above instructions are carefully followed, “Gibsonia” white woollen goods will never lose their pure appearance, and their durability will be greatly increased.
