FOY & GIBSON Pty. Ltd., have much pleasure in submitting Edition No. 9 of their Catalogue of New and Up-to-date Furniture. The book does not in any way presume to show ALL the goods manufactured in our Furniture Factory, but we trust it will prove an assistance to those unable personally to visit our Showrooms.

The Firm commenced the manufacture of Furniture twenty-five years ago. Each year the plant has been enlarged, and the quality raised, until now the output is probably second to none in Australia, and “The Gibson Standard Quality of Furniture” is known all over the Southern Hemisphere.

Sections in our Warehouse are arranged as Furnished Rooms, thus affording a tangible idea of the effect of the furniture when in the home.

For the convenience of Country Customers, arrangements have been made by which the larger furnishing orders can be delivered by our own Motor Vans (provided the road is good) direct from the Factory to the door of the Customer’s Residence.
