ANNUAL REPORT, 1883–84.

REPORT of the proceedings of the University of Melbourne from the 1st day of November, 1883, to the 3rd day of November, 1884.

To His Excellency Sir Henry Brougham Loch, K.C.B., Captain-General and Governor-in-Chief of the Colony of Victoria, and Vice-Admiral of the same.

The University of Melbourne,
31st December, 1884.

Sir,

I do myself the honour to transmit the following Report of the proceedings of the University of Melbourne, which, according to the Act of Incorporation, 16 Vict. No. 34 a. 14. is to be made to Your Excellency by the Council.

I.—Statutes and Regulations.

In order to give complete effect to the Statutes and Regulations mentioned in the last Annual Report, several important changes have been made.

To the Final Honour Examinations for the Degree of Bachelor of Arts two new Schools have been added, viz.:

- English, French, and German Languages and Literatures.
- Logic and Mental and Moral Philosophy.

The School of Language and Logic has become that of Classics and Philology. The School of Mathematics and Physics has been altered to Mathematics and Natural Philosophy, and Jurisprudence has been added to the School of History and Political Economy.
The number of Scholarships has been increased, and their value altered, there being now nine Scholarships of £75 each instead of four at £90 each. The number of Exhibitions, also, has been increased from twelve to fourteen.

An annual prize for Mathematics has been founded in the University in memory of the late W. P. Wilson, M.A., F.C.P.S., the first Professor of Mathematics and Natural Philosophy in the University of Melbourne, and practically the founder of its Engineering School.

The subjects of the Examination for Exhibitions and Scholarships have been re-arranged, owing to the alterations in the course of study for the various Degrees. New subjects have also been added. French and German are now subjects for both a Scholarship and an Exhibition. Ancient History and Lower Mathematics have been added to the subjects for Exhibitions; and Mental and Moral Philosophy to the subjects for Scholarships.

The Stawell Exhibition, tenable for two years, at £30 each year, has been converted into a Scholarship of £75, tenable for one year, and will be awarded in alternate years with the Argus Scholarship, of the same value and tenure. Changes also, corresponding to those in the Final Honour Examination for the Degree of B.A., have been made in the subjects for the M.A. Examination.

Consequential alterations have been made in Statutes, Chap. X., Sections 6, 9, and 14; and in Regulations, Chap. VI., Section 2, and Chap. XIV., Section 7.

Various other Statutes have been passed, viz.:

(1) A Statute giving power to the Faculty of Law to arrange the days and hours of all Lectures and Examinations in Laws.

(2) A Statute establishing a Professorship of Mental and Moral Philosophy.

(3) A Statute giving Lecturers the same powers as Professors for maintaining discipline.

(4) A Statute fixing Tuesday instead of Monday as the first day of Term.

(5) A Statute relating to University Holidays.
(6 and 7) A Statute enabling the Council to confer the Degrees of Master of Surgery, Master of Civil Engineering, and Master of Laws on Bachelors of Melbourne and other Universities.

(8) A Statute fixing a fee for the Certificate of C.E.

(9) A Statute substituting the recommendation of the Minister of Public Instruction for that of the Board of Education.

(10) A Statute altering the forms of presentation for Degrees.

Regulations, Chapter XVIII., Addendum Section 1, and Regulations, Chapter XXI., Sections 5, 6, and 7, have been repealed.

All the Statutes and the Regulations passed during the year are set out fully in the Appendix to this Report.

II.—UNIVERSITY MEETINGS.

III.—TEACHING STAFF.

As a Statute has been recently passed establishing a Professorship of Mental and Moral Philosophy, steps will be taken by the Council to appoint a gentleman to fill the position.

It was stated in the last Report that Professor Strong had been granted leave of absence from the beginning of this year. Professor Strong then went to England,
and by the mail of June last a letter was received from him resigning his Professorship in consequence of his having accepted a post in the newly-established University of Liverpool.

The Council decided to accept his resignation, and to consider how it will be best to act in the circumstances created by the vacancy.

IV.—Matriculation Examinations.

Since the last Annual Report, 1,066 candidates have presented themselves for the Matriculation Examination, of whom 406 passed.

The following Table gives the number of candidates who presented themselves this year, and who passed the Matriculation and the Civil Service Examinations respectively:

VII.—Death of Judge McFarland.

It is with great regret the Council has to record the death of Judge McFarland, one of the first Graduates of this University, which took place in April last.

As a mark of respect to his memory, the Council unanimously resolved—"That the Vice-Chancellor be requested, on behalf of the Council, to communicate with Patrick McFarland, Esq., the father of Judge McFarland (for many years an efficient Councillor), whose lamented death recently took place, and to convey to the learned judge's father the sincere sympathy of the Council at the bereavement recently suffered by him and his family, and the Council hereby records its sense of the great loss sustained by the University by the death of the learned Councillor."

VIII.—Changes in Council.

Mr. G. H. F. Webb, Q.C., was elected a Member of Council on the 20th December, 1883, in the place of the late Hon. R. S. Anderson, and Mr. Justice Holroyd was elected on the 3rd of June, in the place of the late Judge McFarland.

IX.—Leave of Absence.

Leave of absence has been granted to Mr. Lecer, a Member of Council, to Mr. Rogers, the Lecturer on Procedure, and Mr. Fitzgerald, the Lecturer on Clinical Surgery. Mr. Neighbour, the Lecturer on Obligations, is acting for Mr. Rogers, and Mr. Girdlestone, the Lecturer on Surgery, is taking the place of Mr. Fitzgerald.

X.—Election of Chancellor and Vice-Chancellor.

On the 7th day of July, 1884, the Right Reverend James Moorhouse, D.D., Bishop of Melbourne, was elected Chancellor of the University; and on the 5th of May, 1884, Anthony Colling Brownless, Esq., M.D., was elected Vice-Chancellor.
XI.—Visitation.

A Visitation was held on the 10th of January, 1884, to determine the interpretation of certain Statutes on the appeal of the Senate, and the Visitor decided in favour of the view of the Senate.

In consequence of this decision, the Council was debarred from awarding certain Exhibitions and Scholarships which had been offered for competition.

XII.—Buildings.

It was stated in last year's Report that plans had been prepared and tenders called for additional buildings to the Medical School. Since then tenders have been received, and the tender of Messrs. Beardall and Glencross accepted. The amount of the tender is £11,339; this being in excess of the amount at present available, instructions were given to the architects to bring the amount down to the sum of £10,000, voted by Parliament, by diminishing the work to be done on the Museum. The building has been commenced, and satisfactory progress has been made, and it is hoped that a portion of the building will be complete before the commencement of next year's Lectures.

For some years past the Council has contemplated the erection of additional houses for the Professors and the Registrar within the University Grounds, and with that object in view has set aside the sum of £8,500 for the purpose. The houses in the main buildings occupied by the Professors are considered very unsuitable for residences, and in consequence of representations made by Professor Nanson, the Council resolved to allow him to vacate his present house and to build him a convenient one in the University grounds. A house also, for the Registrar, has been commenced, the tender of R. S. Ekins for £1,674 having been accepted; but the sum at the disposal of the Council is not sufficient to build houses for all the Professors, and the Council therefore trusts that the Government will see its way to granting a sufficient sum for carrying out in its entirety the resolution of the Council with regard to Professors' houses and other buildings urgently required.
XIII.—Gilchrist Scholarship.

On the 25th of January last, the Vice-Chancellor received a communication from the Chief Secretary's Office, forwarding a sealed packet of questions for an Examination for the Gilchrist Scholarship, and requesting him to communicate with Mr. F. G. Gladman, B.A. (who had been appointed Sub-Examiner), regarding the conduct of the Examination, and to hand him the sealed packet of Examination-papers. The necessary arrangements were made for holding the Examination at the University, and it commenced on Monday, the 4th April, and ended on Friday, the 8th April, 1884.

Two Candidates presented themselves at the Examination, Arthur Paul, of Trinity College, Melbourne, and Charles Morrison Bromfield, of Trinity College, Melbourne; both Candidates took all the prescribed papers. After the Examination was over, the Sub-Examiner handed a sealed packet containing the Candidates' answers at the Chief Secretary's Office, whence they were transmitted to the Registrar of the London University.

On the 29th of May last, His Excellency the Acting Governor sent to the Vice-Chancellor a telegram from the Earl of Derby to His Excellency, stating "that Mr. Paul has obtained the Gilchrist Scholarship, and that he must go to London at the beginning of the next Academical Session." A copy of this telegram was sent to Mr. Paul, and he is now on his way to London to pursue his academical studies at the London University.

XIV.—Edinburgh University Tercentenary.

Early this year, a communication was received from the Chancellor, Rector, and Principal of the University of Edinburgh, inviting the University of Melbourne to send a Representative to be the guest of the University of Edinburgh at the celebration of its Tercentenary, on the 16th, 17th, and 18th of April.

In response to this invitation, the Council, as its delegate, elected the Right Honorable Mr. Childers, the first Vice-Chancellor of this University. In the event of his official duties preventing his attendance, Mr. Childers was requested to communicate with Dr. Perry,
the first Bishop of Melbourne, and one of the original Members of Council, and ask him, on the Council's behalf, to act. Mr. Childers, finding himself unable to be present, communicated with Dr. Perry, who went to Edinburgh and became the guest of the University on the occasion.

A letter has since been received from Dr. Perry, stating that the Chancellor, Rector, and Principal of the University of Edinburgh have, in the name of the University, requested him to convey an expression of their cordial thanks to the University of Melbourne for their courtesy and kindness in deputing him, as their Delegate, to attend the Tercentenary Festival of the University of Edinburgh. They add that, owing to the friendly co-operation of the University of Melbourne and other celebrated societies, the Tercentenary Festival became the greatest Inter-Academical and Inter-National gathering of distinguished men that, perhaps, the world has hitherto seen.

XV.—UNIVERSITY ATHLETIC ASSOCIATION.

The Council granted the sum of £500 to this Association for the purpose of improving the recreation ground and making it fit for cricket, football, tennis, and other games of recreation. This money has to be expended under the joint authority of a Committee of the Council and a Committee of the Association.

XVI.—UNIVERSITY OF NEW ZEALAND.

The Council has resolved to recognise the University of New Zealand.

XVII.—ROYAL MILITARYCADETSHIP.

Mr. Robert Hall Hayes, an undergraduate of this University, has been nominated by the Council to a Cadetship at the Royal Military College, Sandhurst, England.

XVIII.—CLINICAL TEACHING.

The Council having represented to the Government the necessity for Clinical Teaching, the Government voted the sum of £500 as a salary for a Lecturer on Clinical Medicine and a Lecturer on Clinical Surgery. The Council appointed Dr. Williams to the first Lectureship, and Mr. Fitzgerald to the Lectureship on
Surgery. Mr. Fitzgerald immediately applied for, and obtained, leave of absence for this year; and, at the request of the Council, Mr. Girdlestone accepted the appointment of Lecturer on Surgery during Mr. Fitzgerald's absence.

XIX.—UNIVERSITY MILITIA CORPS.

A University Militia Corps has been formed, under the Captaincy of Professor Andrew, the Professor of Natural Philosophy.

XX.—APPOINTMENTS.

The following appointments have been made:

Mr. Snowball, Examiner in Materia Medica, in the place of Dr. J. P. Ryan, resigned.

Dr. Springthorpe, Examiner in Pathology, in the place of Professor Halford, resigned.

Dr. Fulton, Examiner in the Theory and Practice of Medicine, in the place of Dr. Robertson, resigned.

Dr. J. P. Ryan, Examiner in Surgery, in the absence of Mr. Fitzgerald.

Mr. C. R. Blackett, Examiner in Chemistry, in the absence of Mr. Newbery.

Mr. Hood, Examiner in the Principles of Legislation for the Degree of Doctor of Laws.

Professor Elkington, Professor Morris, and Mr. Laurie, Examiners for the Bowen Prize.

Mr. F. D. Bird and Mr. W. Moore, Demonstrators of Anatomy, in the place of Mr. A. V. Henderson, resigned.

Mr. Frederick Dickson, Bookkeeper, in the place of Mr. O'Malley, resigned.

Dr. Dick, Examiner in Mental Pathology, Mental Therapeutics, and Mental Hygiene, in the place of Dr. Paley, resigned.

The Council desires to place on record its appreciation of the valuable services gratuitously rendered by Dr. Paley, for many years Examiner in the above subjects for the Degree of M.D.

XXI.—PATHOLOGICAL SPECIMENS.

The Council has received from the Melbourne Hospital a large and valuable collection of Pathological Specimens. These are now in the Medical School, and
are under the charge of Professor Allen, the Professor of Anatomy and Pathology, who will utilize them in the illustration of his Lectures on Pathology.

XXII.—Wesleyan Affiliated College.

The Trustees of this College submitted to the Council plans of the proposed buildings, which, after reference to the University Architects, were approved.

XXIII.—Wyselaskie Bequest.

The late Mr. John Dickson Wyselaskie, by his will, dated the 14th December, 1880, bequeathed the sum of twelve thousand pounds to the University of Melbourne, in order to the founding of six several Scholarships, viz., a Scholarship on each of the subjects hereinafter enumerated, that is to say—

1. Mathematics.
2. Natural Science.
3. English Constitutional History.
4. Political Economy.
5. Modern Languages.
6. Classical and Comparative Philology and Logic.

Each respective Scholarship to be called the “Wyselaskie Scholarship,” in or of the subject of such Scholarship.

The estate not being sufficient for the payment of the legacy in full, the Executors were not in a position to pay more than 70 per cent. The Council accepted the legacy on the reduced scale, and the Executors paid to the University the sum of £8,400.

Statutes and Regulations will be prepared as soon as possible, prescribing the subjects of the various Scholarships, and fixing the times of the Examinations in accordance with the terms of the trust.

XXIV.—Accounts.

A Statement showing the Income and Expenditure during the year 1883 is appended.

I have the honour to be,
Your Excellency’s most obedient servant,

J. MELBOURNE,
Chancellor of the University of Melbourne.

By virtue of the authority committed to me, I admit in absence from Victoria to the rank and privileges of in the University of Melbourne.

11. Statutes, Chapter XII. — Repeal the whole and enact instead:

Chapter XII.—Of Prizes, Exhibitions, and Scholarships.

(1) A sum not exceeding Fifty pounds shall be annually devoted to the purchase of Prizes of Books.

(2) In the February Term, 1885, and in the February Term, 1886, respectively, seven Scholarships may be awarded of the value of Forty-five pounds a year.
(3) Four Exhibitions (at Matriculation) of Twenty-five pounds each, Fourteen Exhibitions of Thirty pounds each, and Nine Scholarships of Seventy-five pounds each may be awarded annually.

(4) The preceding Section shall not apply to any Scholarship awarded before the February Term, 1885, and shall not affect the rights of any Scholar under the Statute now repealed.

(5) No Student who has competed for any Exhibition or Scholarship under one qualification shall subsequently compete for the same Exhibition or Scholarship under another qualification.

(6) The Exhibitions of Thirty pounds in Clause 3 shall not be awarded before the Academical Year 1885-86, and the Scholarships in Clause 3 shall not be awarded before the February Term, 1887.

(7) Scholars shall be exempt from Fees for subsequent Examinations and Degrees in the Faculty in which their Scholarship was obtained.

12. Statutes, Chapter XIV.—Of the "Argus" Scholarship.

Section 2.—Repeal the words "Forty-five pounds a year tenable for two years," and enact instead the following words:—"Seventy-five pounds a year tenable for one year."

Section 3.—Repeal the words "Forty-five" and enact instead the words "Seventy-five."

"The alterations in Sections 2 and 3 shall not come into force until after the Annual Commencement in the year 1885."

13. Statutes, Chapter XV.—Of the Stawell Exhibition.

The whole to be repealed in pursuance of Section 6, and the following enacted in lieu thereof:—

Whereas in the year 1873 an Exhibition, heretofore known as the Stawell Exhibition, was founded in the University of Melbourne by Sir William Foster Stawell for the encouragement of the School of Engineering, and whereas it is desirable to convert
such Exhibition into a Scholarship, to be known as the Stawell Scholarship: It is hereby declared as follows:—

(1) The Endowment for the Stawell Scholarship shall consist of the sum which at the date of the passing of this Statute formed the Endowment of the Stawell Exhibition and of its accumulations and of any contributions, and the whole amount shall be invested as the Council of the University may from time to time direct.

(2) The Stawell Scholarship shall be tenable for one year, and shall be of the value of Seventy-five pounds, and shall be subject to the same regulations as those now or hereafter in force relating to Scholarships of the University; and the Stawell Scholars shall have the same rank and be entitled to claim the same exemptions and to enjoy the same privileges as other scholars of this University.

(3) Any surplus interest or any sum available by reason of the Scholarship not having been awarded or of any vacancy shall be invested in manner aforesaid until the amount so accumulated and invested be sufficient to produce an income of Seventy-five pounds a year, and the Scholarship shall then be awarded subject to the provisions of this Statute. And thereafter any subsequent accumulations shall be invested in carrying out the intention of the founder as the University may direct.

(4) The Scholarship shall be awarded at the Final Honour Examination in the School of Engineering to the Candidate who does best at that Examination in such subjects as may from time to time be fixed by the Professorial Board, provided he be adjudged by the Examiners worthy of the Scholarship.

(5) The Scholarship shall be open for competition first in the year One thousand eight hundred and eighty-six and in every subsequent alternate year, until the fund has been accumulated to the extent hereinbefore mentioned, and thereafter it shall be open for competition every year.

(6) Any further or other Statutes for the regulation of the Scholarship may at any future time be made.
repealing or altering this Statute, provided that such Statutes shall have due regard to the object and designs of the Founder.

14. Statutes, Chapter XVII.—Of the Professor Wilson Prize.

Whereas certain friends and pupils of the late William Parkinson Wilson, M.A., being desirous of perpetuating his memory in the University of Melbourne, in which he was the first Professor of Mathematics, Pure and Mixed, have subscribed a sum of One hundred and fifty pounds, and have signified their desire that the said sum should be applied in founding a Prize in the said University for the encouragement of knowledge in the subjects of Mathematics and Natural Philosophy, in which subjects the late Professor lectured for eighteen years; and whereas the Council of the University has agreed to the foundation of such Prize in the terms declared in this Statute: It is hereby provided as follows:—

(1) The said sum of One hundred and fifty pounds, together with any moneys which may be hereafter presented to the Fund, shall form the endowment of a Prize to be called the "Professor Wilson Prize," and shall be invested as the Council of the University may from time to time direct.

(2) The "Professor Wilson Prize" shall consist of Books, and shall be of the value of the annual interest of the said sum of One hundred and fifty pounds, and of the accumulations, if any, thereof. The Books shall be subject to Regulations, Chapter XVIII., Sections 2, 3, 4, and shall be stamped with the crest and motto of the late Professor Wilson.

(3) The "Professor Wilson Prize" shall be open to Matriculated Students of the University who have not entered upon their third year for any degree.

(4) The subjects of the Examination for the "Professor Wilson Prize" shall be Mathematics and Natural Philosophy, of the First and Second Years of the course, for the Degree of Bachelor of Arts. The Prize shall be awarded annually to the Second Year Student who shall stand highest in the combined results of his First and Second Year Honour Examinations in the said subjects.
(5) If, in the opinion of the Professorial Board, such Candidate is not deserving of the Prize, the Prize shall not be awarded, and the amount thereof shall be added to and shall become part of the principal sum.

(6) Competition for the "Professor Wilson Prize" shall begin at the Honour Examinations in the October Term, 1884, and the Prize shall be awarded for the first time at the University Commencement of 1886.

(7) Any further or other Statutes for the regulation of the "Professor Wilson Prize" may from time to time be made repealing or altering this Statute, provided that such Statutes shall have due regard to the objects of the Subscribers to this Fund as set forth in the Preamble to this Statute.

1. Regulations, Chapter I., Section 11, Paragraph 4.
   Amended by substituting the words "Professor of English, French, and German Languages and Literatures" for the words "Professor of Classics."

2. Regulations, Chapter III., Section 1.
   From and after the Annual Commencement in 1885, Regulations, Chapter III., Section 1, shall be repealed, and thereafter the subjects of Examination for the Degree of Master of Arts shall be divided into six Schools, in any one of which a candidate may pass, viz.:
   1. Classics and Philology.
   2. Mathematics and Natural Philosophy.
   3. Natural Science.
   5. English, French, and German Languages and Literatures.

3. Regulations, Chapter VI., Section 2, add the words:
   "Or Masters of Laws of at least one year's standing."

4. Regulations, Chapter VIII., Section 1.
   After the Annual Commencement of 1885, all the words after the words "pass five Examinations" to be omitted.
5. **Repeal Regulations, Chapter XI., Section 3, and enact instead:**

   No Candidate shall be permitted to present himself for the Fourth Examination of the Course for the Degree of Bachelor of Civil Engineering unless at some preceding University Examination or Examinations he shall have passed in the following subjects:—Surveying, Levelling, and Practical Mensuration; Natural Philosophy, Parts II. and III.; Mathematics (Upper and Advanced); Practical Chemistry, Geology (excluding Palæontology).

6. **Repeal Regulations, Chapter XIV., Section 7, and enact the following instead:**

   7. The Examinations for the Degrees of Master of Arts, of Master of Surgery, of Master of Laws, of Master of Civil Engineering, of Doctor of Medicine, and of Doctor of Laws, shall be held in the February Term prior to the University Commencement.

7. **Regulations, Chapter XV., Section 1.**

   After the Annual Commencement of 1885, amended by omitting the word “year” in the second place in which it occurs, and by inserting in place thereof the words “second, third, and fourth years.”

8. **Regulations, Chapter XV., Section 2.**

   After the Annual Commencement of 1885, to be repealed.

9. **Regulations, Chapter XV., Section 4, to be repealed, and the following enacted instead thereof:**

   At the Third Honour Examination of the course for the Degree of Bachelor of Arts, Candidates may obtain, in the same or in different years, Honours in any or all of the six Schools following, but not more than twice in the same School:

   1. Classics and Philology.
   2. Mathematics and Natural Philosophy.
   3. Natural Science.
   5. English, French, and German Languages and Literatures.
Provided that the Honour Examination under this section of the Regulations in the School of English, French, and German Languages and Literatures shall be held for the first time in the February Term, 1886.

10. *Repeal Regulations, Chapter XVIII., Addendum, Section 1:—*

**ADDENDUM.**

1. Chapter XVIII. of the Regulations as heretofore in force shall remain in force until after the Annual Commencement in the year 1884.

11. *Regulations, Chapter XVIII., Section 7.*

From and after the Annual Commencement in the year 1885, Regulations, Chapter XVIII., Section 7, to be repealed, and the following enacted instead thereof:—

Five Exhibitions may be awarded at the First Honour Examination, one for Junior Greek, Junior Latin, and English Language and Literature, Part I.; one for Lower Mathematics and Upper Mathematics; one for Ancient History and Deductive Logic; one for Natural Philosophy, Part I., and Chemistry, Mineralogy, and Botany, as in the Arts course; one for Chemistry and Practical Chemistry, as in the Medical course.

12. *Regulations, Chapter XVIII., Section 17.*

From and after the Annual Commencement of the year 1885, the following Section of Regulations, Chapter XVIII., shall be repealed, viz.:—

“One Scholarship may be awarded at the Fifth Honour Examination of the course for the Degree of Bachelor of Medicine for which all Students may compete who shall have at the next preceding Ordinary Examination completed the course for that Degree.”

And the following shall be substituted for it:—

“Two Scholarships may be awarded at the Fifth Honour Examination of the course for the Degrees of Bachelor of Medicine and Bachelor of Surgery; one for Medicine and Forensic Medicine, for which all Students may compete who, at the next preceding Ordinary Examination, completed the course
for the Degree of Bachelor of Medicine; and one for Surgery, for which all Students may compete who passed the next preceding final Ordinary Examination for the Degrees of Bachelor of Medicine and Bachelor of Surgery, and have completed the course prescribed for these Degrees.

13. Repeal Regulations, Chapter XXI., Sections 5, 6, and 7:—

5. Notwithstanding anything in any Regulation to the contrary, it shall be sufficient if notice of any change in the subjects of Examination or of the details of subjects or books recommended for the Examination in the February Term, 1884, for Honours or for any higher degree, and in the October Term of 1884, and the February Term, 1885, be published in the University Calendar for 1882-3.

6. Candidates for the Degree of Bachelor of Medicine who completed the Third Year of their course in the October Term, 1882, or February Term, 1883, shall be allowed to complete a second course of Physiology in the Fourth Year, notwithstanding anything to the contrary contained in the recently enacted Statutes and Regulations.

7. Inductive Logic shall be in the October Term, 1883, and the February Term, 1884, a subject of Examination for the Third as well as the Second Examination for the Degree of Bachelor of Arts.

14. From and after the Annual Commencement in the year 1886, Section 17, referred to in the Calendar 1883-4 as Section 15, to be repealed, and the following to be enacted instead thereof:—

Six Scholarships may be awarded at the Third Honour Examination of the course for the Degree of Bachelor of Arts, annually, in the following Schools:—

1. Classics and Philology.
2. Mathematics and Natural Philosophy.
3. Natural Science.
5. English, French, and German Languages and Literatures.
For which all Students may compete who, within eighteen months preceding such Honour Examination, shall have passed the Final Ordinary Examination for the Degree of Bachelor of Arts, or the Third Ordinary Examination for the Degree of Bachelor of Medicine.

Provided that the Scholarships under this Section of the Regulations in the School of English, French, and German Languages and Literatures shall not be awarded before the February Term, 1886.

15. New Regulation.

Any Candidate for the Certificate of Civil Engineer who before or after the passing of this Regulation has passed at some Ordinary Examination in all but one of the subjects of the Second Examination for that Certificate, and has passed in that one subject at the Ordinary Examination immediately preceding or following, shall be deemed to have completed his second year for the Certificate of Civil Engineer.

At every Examination the papers of each Candidate shall be distinguished not by his name but by a number assigned to him by the Registrar.

17. Enact as a Temporary Regulation:—

Notwithstanding anything in any Regulation to the contrary, it shall be sufficient if notice of any change in the subjects of Examination or of the details of subjects or books prescribed or recommended for the Third Honour Examination in Arts in the February Term, 1885, be published within one week after the allowance of this Regulation by His Excellency the Governor.

Provided that the special subjects of Examination in Greek and Latin prescribed for the Honour Examination in the School of Language and Logic in the February Term, 1884, and the Senior Greek and the Senior Latin prescribed for the Honour Examination, 1884, shall be subjects for the Honour Examination in the School of Classics and Philology in the February Term, 1885.
